PROFILE

Front end developer with 3 years of experience building responsive web applications and reusable UI components. Comfortable working with React, TypeScript, accessibility standards, API integration, and design handoff from Figma.

KEY SKILLS

React and TypeScript	Next.js and Vite
HTML, CSS, Sass	REST API integration
Jest and Playwright	Figma to component workflow

EXPERIENCE

Front End Developer | BrightPixel Studio | Jan 2024 - Present

- Developed reusable React components for booking, checkout, account, and content pages.
- Improved Core Web Vitals by reducing unused JavaScript and optimizing image delivery.
- Worked closely with designers to translate Figma layouts into responsive production pages.
- Added keyboard navigation and ARIA labels to improve accessibility across key user journeys.

Web Developer | MarketHive Labs | Aug 2021 - Dec 2023

- Built landing pages, dashboards, and admin tools using React, JavaScript, and CSS modules.
- Integrated front end views with REST endpoints and handled loading, empty, and error states.
- Wrote unit tests for shared components and documented usage examples for the wider team.

SELECTED PROJECTS

- Personal finance dashboard with charting, filters, and local storage.
- Component library with buttons, forms, modals, cards, and responsive navigation.

EDUCATION

BSc Computer Science | Cardiff Metropolitan University | 2017 - 2021

CERTIFICATIONS

Meta Front End Developer Certificate | Scrum Foundation Professional Certificate
